We Lift Heavy, We Lift High

PANDIT CRANE SERVICE aspires for leading global market position by delivering world-class services and upholding top-tier quality, ethical standards as a company's backbone for progressive growth.

***Do the Right Things.....always, On Time....every time and
With Excellence.....Uncompromising Quality !***

PANDIT CRANE SERVICE
We Lift Heavy, We Lift High

ABOUT **PANDIT CRANE SERVICE**

Based in Jaipur Rajasthan, Pandit Crane Service has grown steadily over the past 15 years. We operate a young fleet consists of modern technologically advanced equipment of around 60 cranes with capacities ranging from 2 tons to 250 tons. We take immense pleasure in the quality of our services, safety standards, craft knowledge and equipment.

With the support of our dedicated employees, we are committed to offering reliable services at reasonable prices. We are the prominent provider of hydraulic cranes, hydraulic telescopic cranes, all-terrain cranes, mobile cranes, Trailers, Manlifts and a lot more. The company is valued for its understanding and knowledge of crane operations under local conditions all over India.

At Pandit Crane Services you are working with a team of dedicated professionals who take pride in providing personalized service. Our Crane Operators are highly skilled, well experienced, certified and are committed to each client's utmost satisfaction.

The company further has in house maintenance staff and a full back up system in case of breakdowns. We are committed to providing consistent, cost effective service while maintaining uncompromised levels of safety and ensuring we minimize our impact to the environment.

LET'S BE VOCAL FOR LOCAL

We at **Pandit Crane service** truly believe in **#VocalforLocal** movement. We believe in self-reliant India and our motto in delivering crane service is that- 'Go local. Trust local. Go for a self-sufficient and self-reliant India.

'Make-in-India.' These terms are rooted in our business ethics and as a result all the workforce hail from Rajasthan and Uttar Pradesh itself. The COVID-19 pandemic situation is the defining health crisis of our time and the greatest global humanitarian challenge the world has faced. The economic impact of COVID-19 pandemic in India has been largely disruptive, business activities around the country have been affected due to this.

This pandemic situation has called out for help among every business and joined hands in the movement of going Vocal for Local by trusting local service providers in the state and country.

Our aim is to use infrastructure made in India and provide job opportunities for local people. Trusting us over any other company would give more power to this campaign.

Our expertise in this industry and capabilities to carry out work with the most effective and efficient approach is what makes us different.

Choosing us over other players would really help to create synergy and strengthen this movement and taking initiative towards change.

PANDIT CRANE SERVICE
We Lift Heavy, We Lift High

OUR CORE VALUES

SAFETY FIRST

People are our most valuable asset and their safety takes precedence over everything. Every effort is made to ensure the safety of our staff and clients. We never

QUALITY OF SERVICE

We are committed to provide highest quality of services. **Pandit Crane Service** is recognized by all of our major clients for providing Zero breakdown service at major projects.

INNOVATION

The company is constantly investigating new technologies and products so that we can provide our customers with the highest quality service.

Our Mission

To provide quality services to our clients while ensuring full safety at the work site through our experienced workforce, effective machines and efficient processes.

Our Vision

Top crane service provider within the country and across the world by keeping the interest of all our stakeholders.

SAFETY, HEALTH & ENVIRONMENT

Our Crane Operators are highly skilled, well experienced, certified and are committed to each client's utmost satisfaction. The company further has in house maintenance staff and a full back up system in case of breakdowns. We are committed to providing consistent, cost effective service while maintaining uncompromised levels of safety and ensuring we minimize our impact to the environment.

HEALTH & SAFETY POLICY

People are our most valuable asset and their safety takes precedence over everything. Every effort is made to ensure the safety of our staff and clients. At Pandit Crane Service, we place health and safety of every stakeholder at first place and nothing is more important than that. We take pride in our quality of work and in our services.

Our policy strictly follows-

- Operations for site are well planned in advance and are executed keeping in mind safety of each individual at worksite.
- The execution of work in hydraulic crane is done by Safe Load Indicator device which is installed in mobile cranes to alert the operators if the lift is exceeding the safe operating range of machinery .
- Helpers and drivers are well aware of Safety measures and the management is always committed to provide the support and resources required for successful completion of work at site.
- Lifting tools like D-Shackles, hook, ceiling, belts etc. used at site are checked prior to work so that there is ZERO chance of accidents.
- Our supervisor are very experienced and they are in constant touch with clients. They plan the whole operations and execute the work at the most professional way.

We are committed to build a culture where we employ high skilled operators and provide them with modern technology devices and young fleet of cranes. Safety of every individual during operations is our number one core value and by working together, we have been able to achieve this goal.

ENVIRONMENTAL POLICY

We at Pandit Crane Service believe in sustainable development and conserving resources for future generation. We take care to protect and preserve the environment and recognizes environmental protection as a key part of our business performance. We follow these principles to assure best of quality to our clients-

- We train and educate our workforce about the environmental issues so that our business operations are not affected.
- We place emphasis on environment and consider it as an integral part of our planning process.
- We purchase and avail the resources which are best fit for the environment.
- We are involved in many projects including solar plantation, windmill etc. of government and private entities.
- We place focus on spill and leakage of hydraulic oil so that fertility and quality of land and soil is unaffected.

We adhere the environmental laws when working at site. We continuously strive to improve our environmental performance, meet environmental goals and maintain healthy workplace.

QUALITY ASSURANCE:

We assure the best of our service to our clients and meet their needs at the best possible way. Quality of services provided by us from our big young fleet of cranes is also the reason our consumers trust us. Safe reliable and efficient services are provided to them. To provide full satisfaction to our client we work by following below points so that standard of quality is maintained

- Proper training to helpers at joining the firm.
- Proper planning of work at every stage by our team.
- Timely completion of all projects.
- Effective approach towards work completion.
- Conserving resources and protecting environment at every project.
